Dd

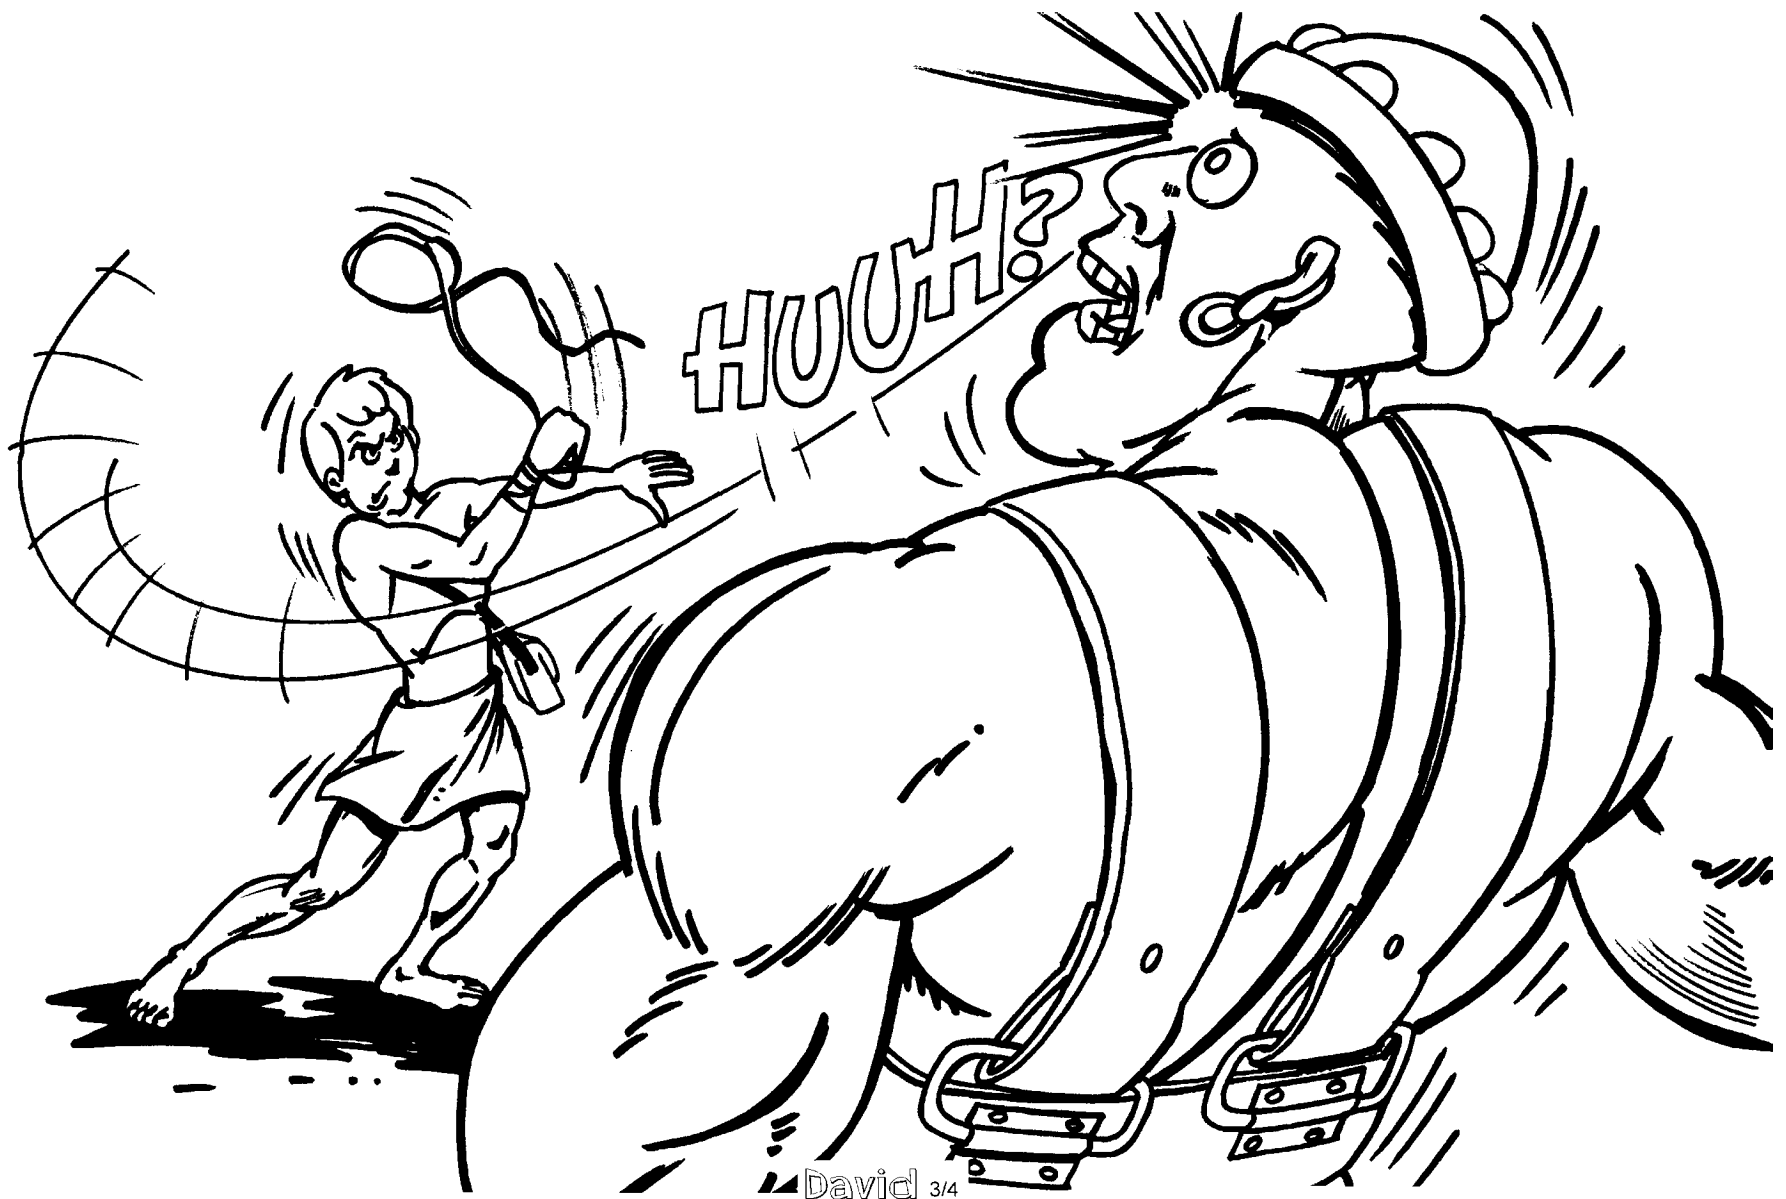

One day the young shepherd boy, David, went to visit his brothers who were soldiers in King Saul's army. The King was having a lot of trouble because the Philistine enemy had a giant called Goliath who mocked the Israelites every day. Everyone in King Saul's army was afraid to fight Goliath. When David heard this, he said he would fight the giant because David knew that God would help him.

When Goliath saw David, he laughed because he wasn't even big or strong enough to wear armour and a sword like real soldiers did. Young David wasn't afraid. David picked up five stones from the stream and put one of them in his sling.

As the giant came closer, God's little soldier flung the stone at Goliath. The stone hit Goliath between his eyes.

Down went the giant Goliath. King Saul and all the Israelites were very happy. Remember, David trusted God and God helped David win.
