Mm

Moses

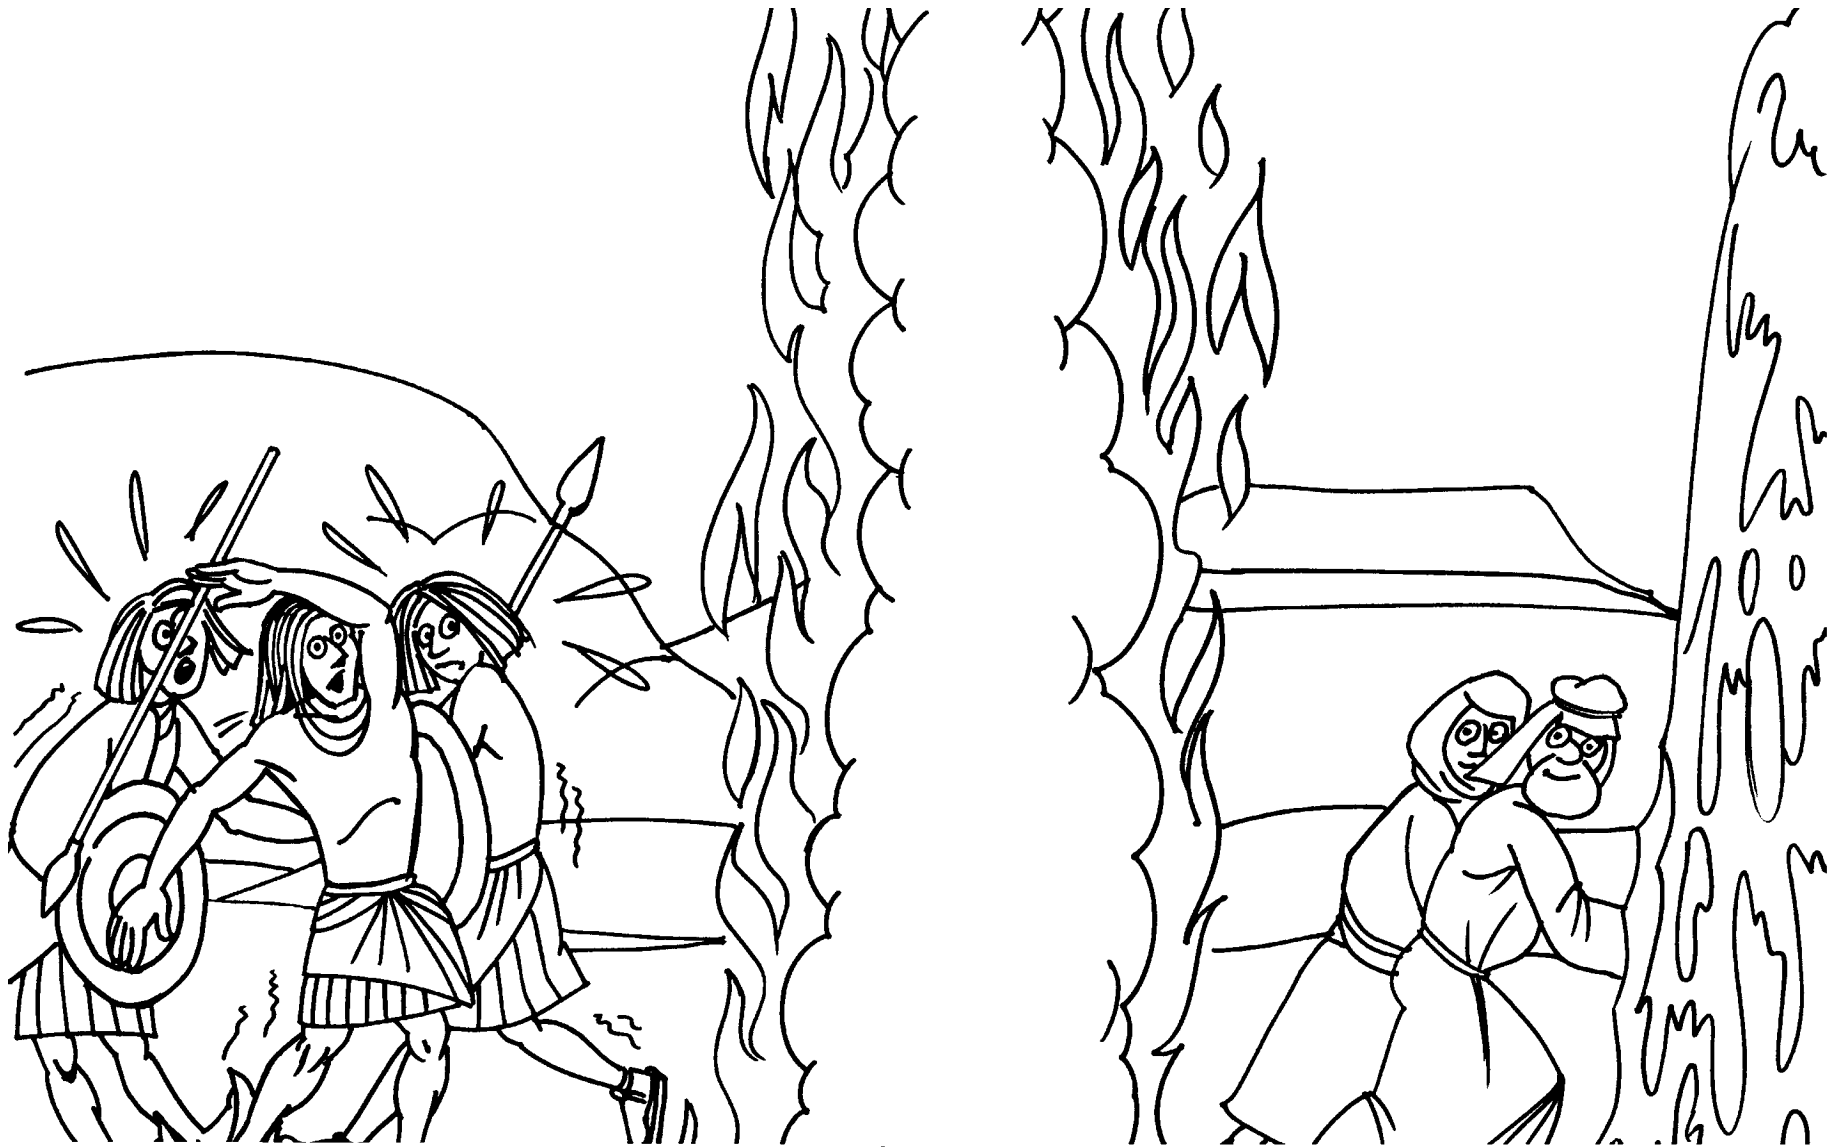

**For many years the Hebrew people suffered as slaves in Egypt. God heard their prayers and sent a man called Moses to lead them out of Egypt to the promised land of Canaan. God performed many miracles but the Egyptians would not let the Hebrew slaves go. God then punished Egypt with plagues until the Pharaoh of Egypt allowed God's people to go.**

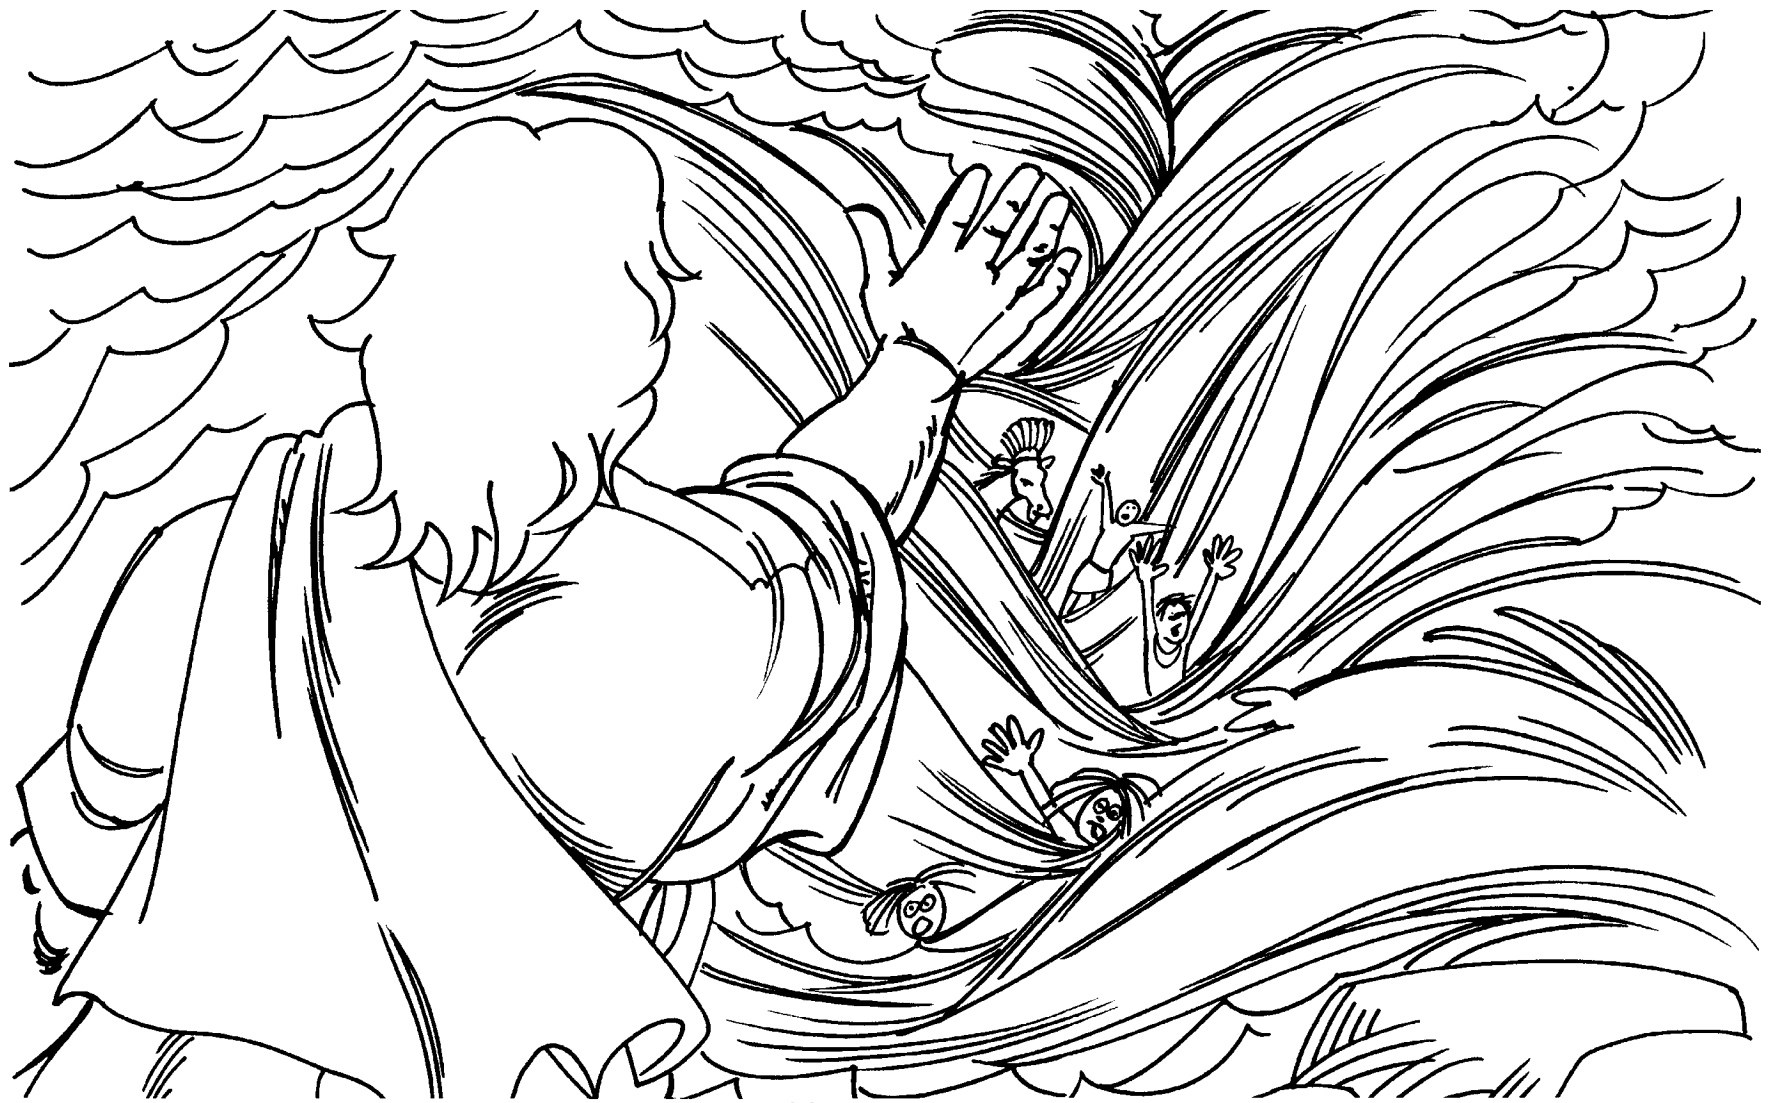

Moses 215

**God led His people out of Egypt by a pillar of cloud in the day and a pillar of fire at night. The Pharaoh's heart became hard again and he chased after them with many chariots and soldiers. The Hebrews were trapped at the sea and could not go any further.**

Moses 3/5

The angel of God, with the pillar of fire, moved and came between the Hebrews and the enemy. That night was dark for the enemy army but the Israelites could see by the light of the Lord's fiery pillar.

Moses 4/5

**When Moses stretched out his hand over the water, a strong wind came and the sea parted to make a dry road right through the sea. God's people crossed the sea. The Egyptians followed but God was in the pillar preventing them from catching the Hebrews. When all God's people had passed through the sea, the sea closed and all the enemy were drowned.**

Moses 5:15

Moses and the people sang and praised the Lord God who delivered them from their enemy.
